# HE'S BACK!

## TAX-MAN GARY BURNS

**Gary "The Tax Man" Burns is back** – peddling the same failed tax and spend ways that North Arlington Voters Rejected last year. Burns has the most anti-taxpayer record in town history...**voting to raise taxes FIFTEEN YEARS IN A ROW** when he was a councilman.

*The Record* even called North Arlington **"Bergen County's Tax Growth Leader"** while under Burn's watch.

### **Now he's running for Council again?**

# ...And He's Brought a Friend!

**As a Councilman, Burns voted to raise municipal taxes by 121% in just three years**, while completely wiping out a \$14 million budget surplus.

He's back again pushing the same failed policies and broken promises that North Arlington voters rejected last year. Burns supported the GOP tax hikes the past two years and since taking control his Republican cronies have increased our local debt by over \$5 million.

**Kirk Del Russo is a highly-paid state bureaucrat** who claims to be a businessman in order to win your vote. But Del Russo is a political insider who served on the very commission who brought us EnCap, the threat of eminent domain seizures and the construction of low-income housing!

**Burns and Del Russo are flip-flopers** who say one thing and then do another. North Arlington Taxpayers deserve leadership they can trust.

**Gary Burns and Kirk Del Russo: TAX-MEN**

**Steve Tanelli and Mark Yampaglia are Different.**

Fiscal conservatives who put North Arlington first. They stood up and voted against the Republican tax hikes and have even taken a pledge to vote against an increase in 2012! Tanelli and Yampaglia opposed their opponents plan to bring back the redevelopment commission, the same one that that gave us EnCap!

**Tanelli and Yampaglia are standing up for local taxpayers and protecting our community's future.**

**Keep North Arlington Small, Safe and Suburban  
On November 8, Re-Elect Steve Tanelli & Mark Yampaglia — North Arlington's Taxpayer Team**
